BUKTI KORESPONDENSI

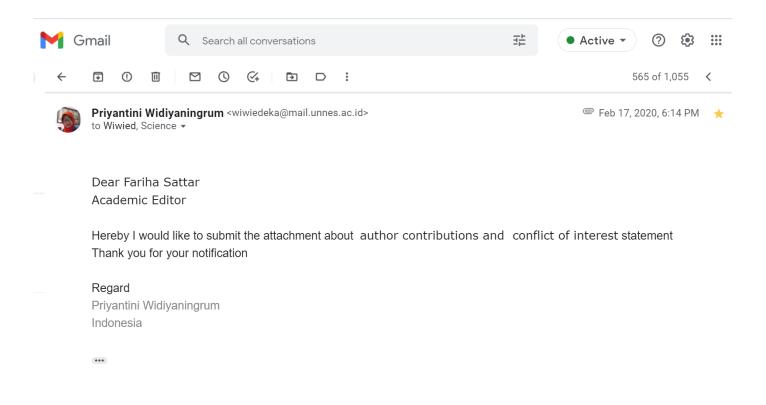

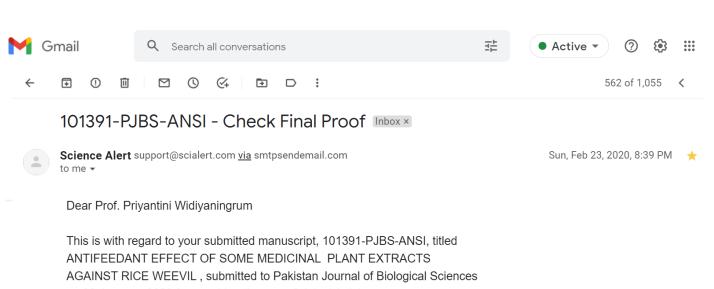

There are some minor things are missing from the manuscript like conflict of interest, significance statemen author contributions. Please send as soon as possible

Regards Fariha Sattar Academic Editor

on 28 January, 2020 for consideration as a Original Article.

Production Department has prepared final proof of your above mentioned manuscript for publication in the coming issue of Pakistan Journal of Biological

Sciences.

You may please download the final proof of your article for final checking after log in to your account with User ID: www.wiedeka@mail.unnes.ac.id.

If you have forgot your password, you may retrieve your password from the following link by providing your User ID wiwiedeka@mail.unnes.ac.id.

http://scialert.com/forgot_password.php

Please check the final proof carefully and provide us the list of corrections by replying this email. Please note that after this step this article will be published immediately and we will not be in a position to modify any part of the paper later on.

It is therefore, requested to please submit list of corrections within next two days. If the provided final proof is suitable and you did not find any mistake in this final proof, please send us email and write that you are satisfied with the provided final proof.

this final proof, please send us email and write that you are satisfied with the provided final proof.

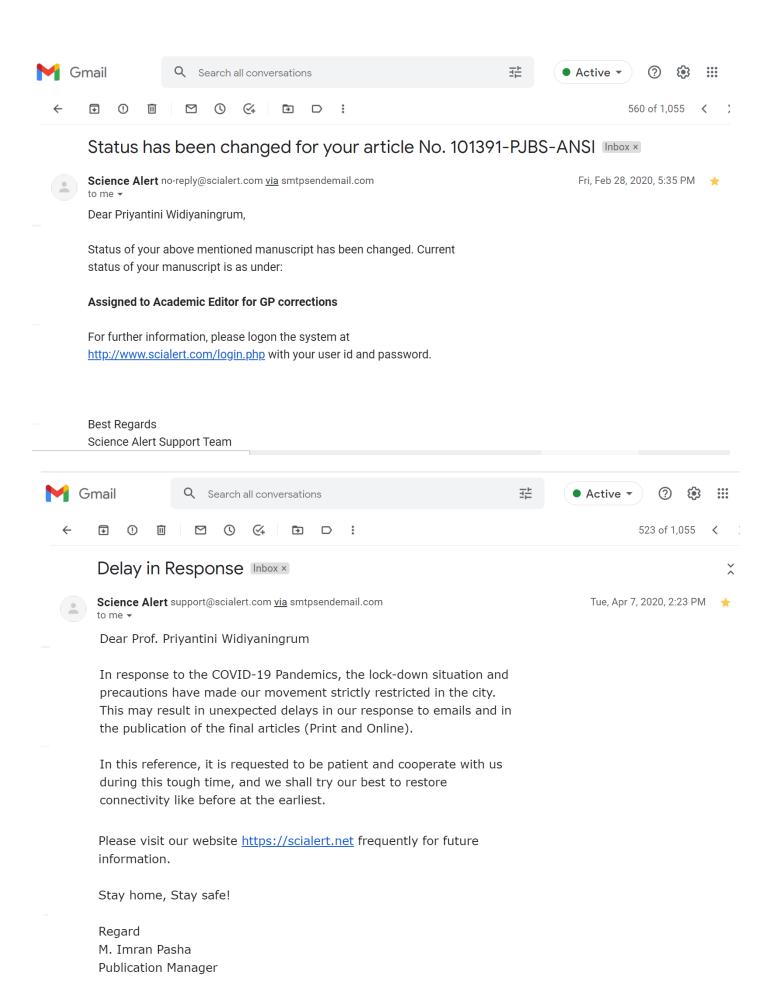

Your quick response will help us to publish your article in the coming issue.

We look forward to hearing from you.

Regard
Academic Editor

Status has been changed for your article No. 101391-PJBS-ANSI

Mon, Apr 13, 2020, 5:43 PM

Science Alert no-reply@scialert.com \underline{via} smtpsendemail.com

Dear Priyantini Widiyaningrum,

Status of your above mentioned manuscript has been changed. Current status of your manuscript is as under:

Online First: Manuscript has been Published Online in Pakistan Journal of Biological Sciences

For further information, please logon the system at http://www.scialert.com/login.php with your user id and password.

Best Regards Science Alert Support Team

Feb 03, 2020

Prof. Priyantini Widiyaningrum, Department of Biology, Faculty of Mathematics and Natural Sciences Universitas Negeri Semarang, Indonesia

Subject: Acceptance Letter for Article No. 101391-PJBS-ANSI

It's a great pleasure for us to inform you that below mentioned manuscript has been accepted for publication in Pakistan Journal of Biological Sciences as Original Article on the recommendation of the reviewers.

Title: ANTIFEEDANT EFFECT OF SOME MEDICINAL PLANT EXTRACTS AGAINST RICE WEEVIL

Author's Name: Priyantini Widiyaningrum Receiving Date: January 28, 2020

Regards

M. Imran Pasha **Publication Manager**

Tables cited: 3 Table Available: 3

Manuscript falls in the scope of the journal? Yes√ My observations/comments about this article are: No

		contradiction for justification of	
		results.	
		Add 2-3 lines about a future	
		recommendation or implications of	
		research in the last portion.	
15	Conclusion	Overall Ok	-
16	Significance Statement	A statement about the significance of this	I have added a significance statement according
		research work should be included in the	to your suggestion
		manuscript. The significance statement should	,
		provide the novelty aspect and significance of	
		this research work with respect to the existing	
		literature and more generally to the society. It	
		should be a short summary which describe	
		what this paper adds to and what was already	
		known. Start this statement with the	
		following words: This study discover the	
		that can be beneficial for	
		such as: This study will help the researcher to	
		uncover the critical areas of that	
		many researchers were not able to explore.	
		Thus a new theory on may	
		be arrived at.	
		A Model Significance Statement: This study discovers the possible synergistic effect of	
		vitamin E, calcium, and vitamin D combination	
		that can be beneficial for osteoporosis-induced	
		ovariectomized rats. This study will help the	
		researcher to uncover the critical area of	
		postmenopausal bone loss that many	
		researchers were not able to explore. Thus, a	
		new theory on these micronutrients	
		combination, and possibly other combinations,	
		may be arrived at.

Guidelines to attend the Comments:

- Author is requested to please highlight the amended portion in the manuscript. It will be more helpful for us in cross checking of suggested modifications.
- Please give your response in the Evaluation report as well under the column "Author Response" for all the parts of the manuscript.
- Incorporate all the recommended modifications in their respective sections throughout the manuscript.

It is important to note that if author does not follow the above mentioned rules, the article remain pending and do not proceed further
