Dear Author;

We are pleased to announce that your article is going to be published in the further edition. At this stage, there are two aspects required from you:

1) You should make sure you do proofreading effectively in order to produce a quality publication in JPPI. JPPI as a Scopus Q2-indexed journal is required to standardize English for all articles thus it has international standards before articles are accepted. The editor will cancel the approval even though the article has been reviewed if the English language of the article does not meet the JPPI quality standard. The authors should make sure to do proofreading at International English language institutions, not from individuals. When the proofreading is done please send us the article that has been proofread and the official letter or certificate from the proofread institution. The following institution can be used as a proofread partner for your article: SLConsultant: <http://select.or.id/index.php>, or you may directly contact this phone number: Atika: 085700952423, Nadia: 085733502013, or Sahabat Publikasi: 085877370020).

2) We encourage you to upload the similarity report of your article on your OJS account as a supplementary file. We are going to accept the article having a $\leq 20\%$ similarity rate. Please be aware of using trusted plagiarism/similarity checker applications such as Grammarly, Turnitin Premium, or others. Please avoid using the free application to make the results accountable.

Thank you for submitting your manuscript to Jurnal Pendidikan IPA Indonesia. The Editors of the JPPI are looking forward to your continued contributions to the Journal.

Best Regards,

JPPI Team
