Dear Aisy,

We received your article, and thank you for submitting the abovementioned article to *IJI* for publication.

After a pre-assessment with careful consideration by the members of the Editorial Board and Executive Committee it was decided not to accept your article for publication in *IJI*. Your manuscript was found not to be proper according to our journal's standards, for the reasons of the method of the study not having enough integrity and lucidity (not accordingly with the *IJI* layout) and the the data analyses being at a very descriptive level. Consequently, we weren't able to start the article evaluation process.

We thank you for considering International Journal of Instruction for possible publication of your scientific studies and sincerely hope that the decision above will not discourage you in any way to submit articles in the future.

We wish you all the best.
