Dear Authors

Your work entitled "

Understanding of French Conversational Implicatures of Foreign Language Study Program Students

The topic seems suitable with the journal scopes and there is no serious issue on plagiarism. I manage to see there ar you need to adjust on your paper :

- There should be a clear purpose/aims, research types, instruments, and major results with global implications ABSTRACT. Kindly add a few more sentences regarding it.
- There should be clear and justified steps (Theory used) on how to collect (Instrument used;), analyze, and in METHOD section. Therefore, it will be easy for another study to replicate it.
- The DISCUSSION should bring new insight and has sufficient citations from the previous studies in the relate
- The CONCLUSION has not adequately explained the significant contributions of the research and its novelty.

Other feedbacks can be seen **in the attached document**
