Dear Dr. Sri Sumartiningsih ,

On the base of your expertise, we invite you to review this manuscript.

It would be nice of you to complete the review within 21 days. Sending in a review after the deadline will slow down the publication process.

During the review process, you are suggested to at least highlight sentences requested for polishing. It will be easier for authors to fix syntax errors if they know what the problem is.

Once the review is completed, please submit the review report attached in this email to us.

At the end of your peer review, we ask you to indicate your final decision on the manuscript, by selecting one of the following recommendations:

Accept as it is
Requires Minor Revision
Requires Major Revision
Reject

Please let me know whether you are able to carry out the review by Accepting or Declining this invitation. In case, you are unable to review this manuscript at this point of time, please suggest suitable reviewers if you know any.

Besides, we are now in the process of expanding our editorial board members. You are warmly welcomed to recommend some suitable reviewers to us.

International Journal of Human Movement and Sports Sciences is indexed by Scopus, the indexing information is available at https://www.hrpub.org/journals/jour_index.php?id=99.
