3. Permintaan publikasi artikel “Examining The Moderating Effect Of Bank Size On The Financial Risk And Performance Linkage Of Islamic Commercial Banks pada Volume 7, Issue 4, 2023

Isi email:

Dear Prof. Valeriia,

I hope this email finds you well. I am writing to express my gratitude for your assistance thus far in the publication process and to discuss the possibility of publishing my article in Volume 7, Issue 4, at the end of 2023.

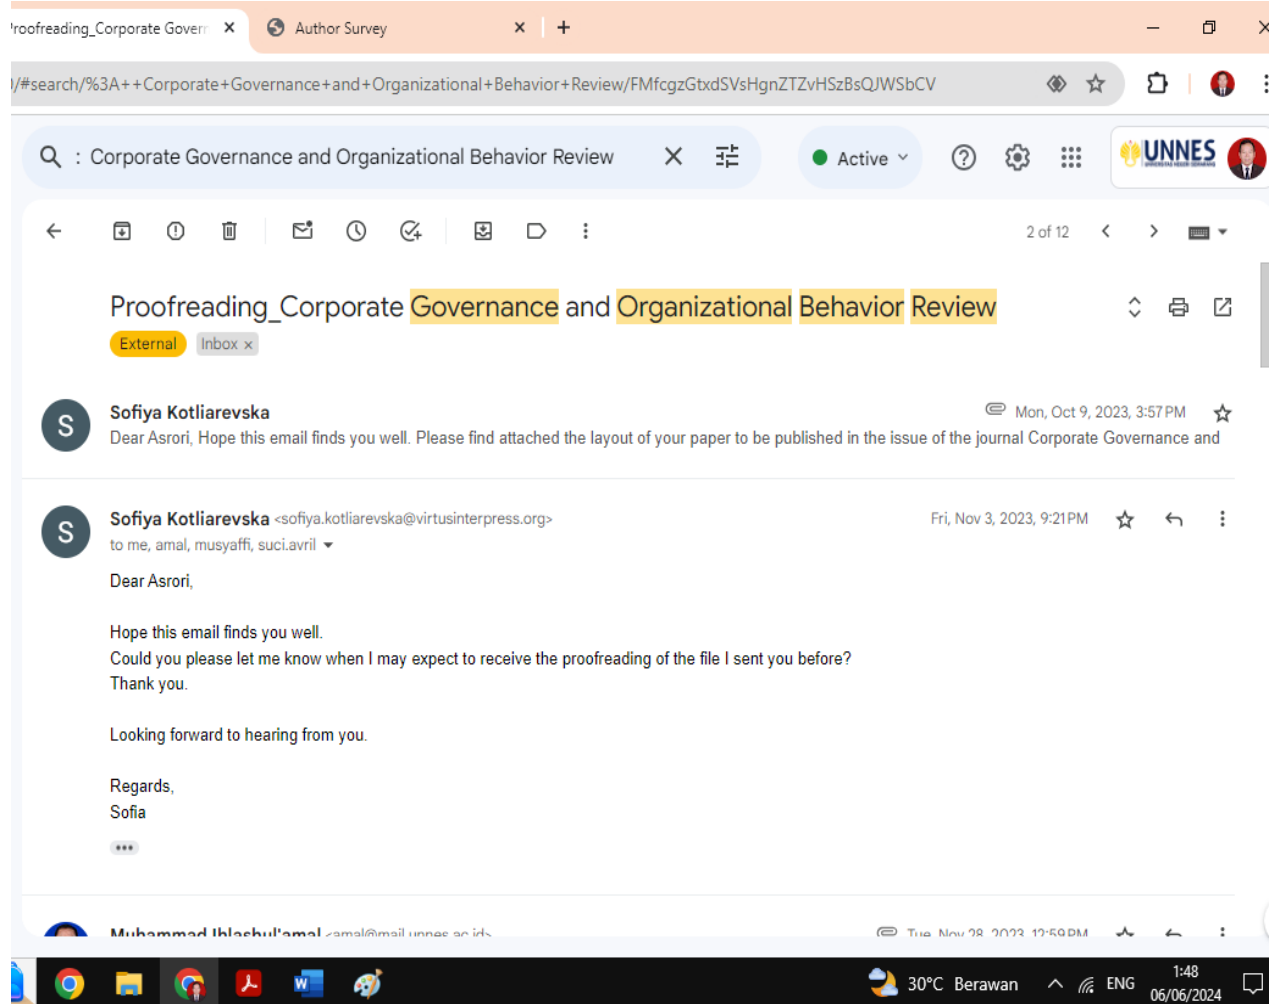

As you know, my article is essential for my academic progress this year. I understand that the quota for Indonesian authors in Scopus-indexed journals has been reached until the end of 2023. However, considering the importance of the timing for my academic performance, I request your support in accommodating my article in the upcoming publication schedule.

I would greatly appreciate your help arranging for my article's inclusion in Volume 7, Issue 4. Having it published at the end of this year would align perfectly with my academic goals and research timeline. Please let me know if there is any possibility of making this arrangement.

Thank you for considering my request.

Best regards,
Asrori Unnes

Isi email:

Dear Asrori,

Thank you for publishing your paper with “Virtus Interpress”. My congratulations!. Below I attached the published version of the paper and you can find it on the website following the link. As an author you have full copyright and are able to use your article for your own purposes, a prerequisite is to cite the article properly, as it is mentioned on the title page, with the journal designation. In order to promote your research, stimulate citation and employ all the benefits of publishing with an open access option, it is important to popularize the visibility of your article.

Here are some recommendations: Distribute your publication with your social networks.: Register yourself and regularly update your achievements at global research-sharing platforms: SSRN, Research Gate, Academia. Edu, Mendeley, Loop. Develop your Google Scholar Profile: Registering and using a Google Scholar Profile will give you an opportunity to track citations to your publication and keep in order for your research. Renew your professional profile: Consider the timely update of your professional profiles at your institutions and departments which you are affiliated to. We are delighted that a successful collaboration has been established and we are looking forward to new scientific cooperation!

Warmest wishes,

Valeriia
