Comments from the Editors and Reviewers:

The referees are now happy with the revised paper. Just as a minor point, there is a need to correct the hypotheses. What you have labelled as H1-H5 are, of course, alternative hypotheses and not null hypotheses. You also refer to accepting hypotheses, which we do not do - we reject or not reject null hypotheses. You just need to tidy-up the language here and Table 7.

In compliance with data protection regulations, you may request that we remove your personal registration details at any time. (Use the following URL: <https://www.editorialmanager.com/cogentbusiness/login.asp?a=r>). Please contact the publication office if you have any questions.
